

Drip Tray Hole  
ø32mm

Nordic Tap Hole  
ø32mm

Hole c/c required 160mm

Drip Tray - Example

**Note:** Quooker Emirates is not responsible for drilling the final placement of the agreed tap hole. This must be done by an approved worktop contractor or approved retailer in accordance with any discussions prior to installation with the client/consumer or end user. Our service team can provide the required hole diameter prior to any installation if unclear. Quooker cannot fully complete and commission a new installation if our standard requirements are not met.
